

PT PROMATCON TEPATGUNA

COMPANY PROFILE

During the commissioning process Dehydration Unit (DHU) Package at PT Pertamina EP Bambu Besar in 2019.

INTRODUCTION

PT Promatcon Tepatguna is a steel fabrication company established in 1990. PT Promatcon Tepatguna is an EPC (Engineering, Procurement, Construction) company that supplies and services Process & Piping Equipment, Gas Compressors, and TCP (Turbine Control Panels), as well as Retrofits, for the onshore and offshore oil & gas industries; renewable energy (geothermal) operating in Indonesia.

PT Promatcon Tepatguna also provides design and manufacturing services, including mechanical calculations, engineering drawings, fabrication, final inspection, and installation of pressure vessels in accordance with international standards and specific specifications based on the American Society of Mechanical Engineers (ASME) Boiler and Pressure Vessel Code Section VIII Div. 1.

We have ISO 9001:2015 certified and hold the ASME "U" and "R" stamps. All our work follows a quality management system to ensure timely delivery, clear documentation, and long-term reliability. Our main principle is "To provide products and services of high quality that fulfill the customer's needs as well as to obtain customer satisfaction" by continuously innovating and working efficiently.

RECIPROCATING GAS COMPRESSOR PACKAGE

PT. Promatcon Tepatguna is sole agent in Indonesia for AG Equipment Company. We provide after-sales services, including unit sales and rentals.

Completed with credible and experienced project engineering team.

Over 20 years of experience and expertise, PT. Promatcon Tepatguna is committed to provide the best solutions at the best value for your company.

Rental and Operation of Gas Compressor units located at PT Pertamina EP asset 3 Field Tambun.

OUR SERVICES

In 2010, PT Java Energy Semesta entrusted us with the fabrication and construction of a CNG refueling production facility and distribution station in Gresik.

For gas compressors, we also provide preventive maintenance (PM) services, as well as operation and maintenance.
